

SOCIAL MEDIA SIZE GUIDE

The business-to-business (B2B) social network. Your business page will likely be used for promoting your work, latest news and job advertisements.

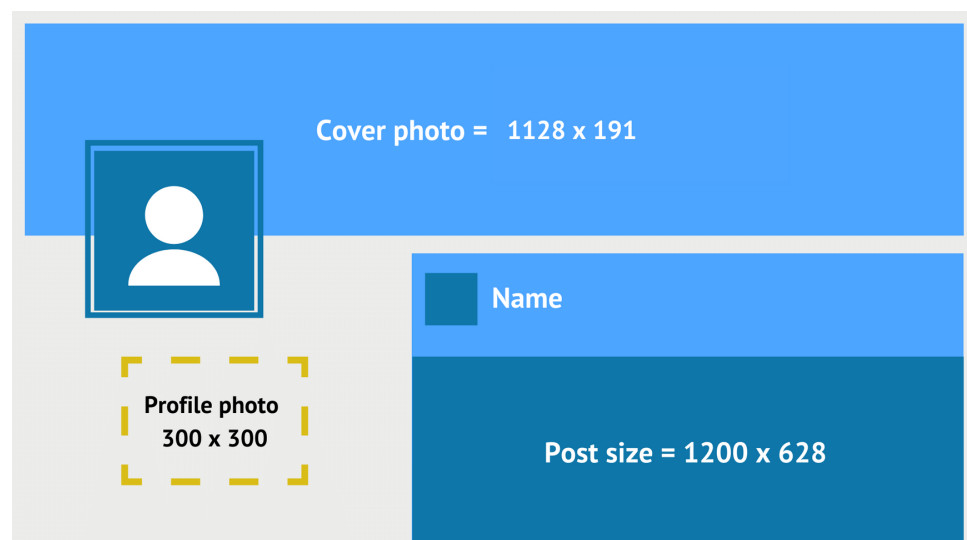

**Personal
page**

Your personal page can be used to engage with your network, outreach to potential clients and share your company news.

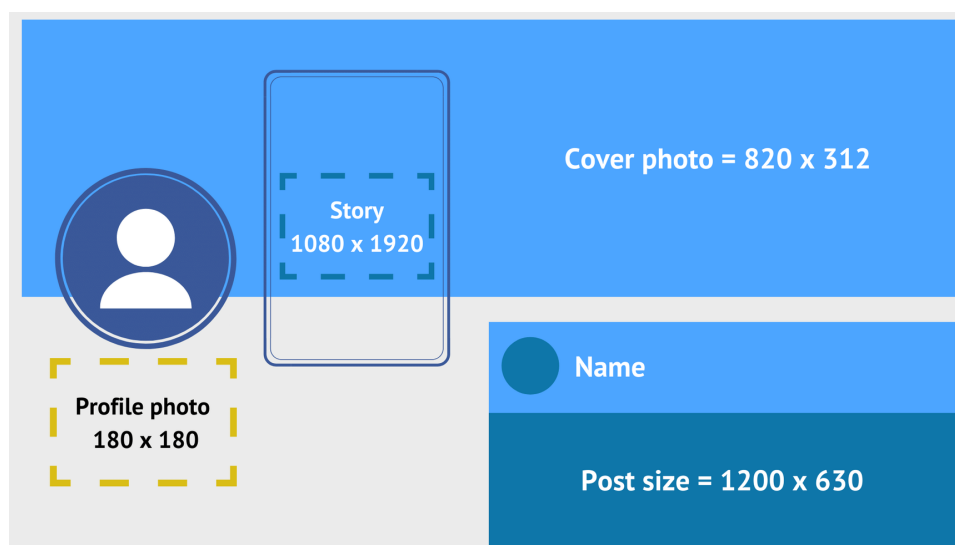

**Business
page**

FACEBOOK SIZE GUIDE

The dimensions for your Facebook profile page and business page are the same for your cover photo, profile picture and stories.

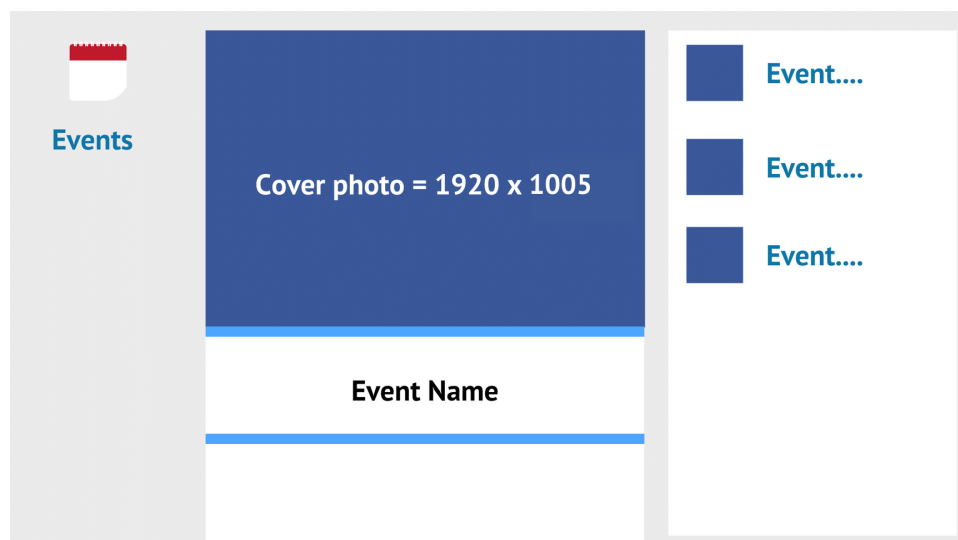

Personal
page

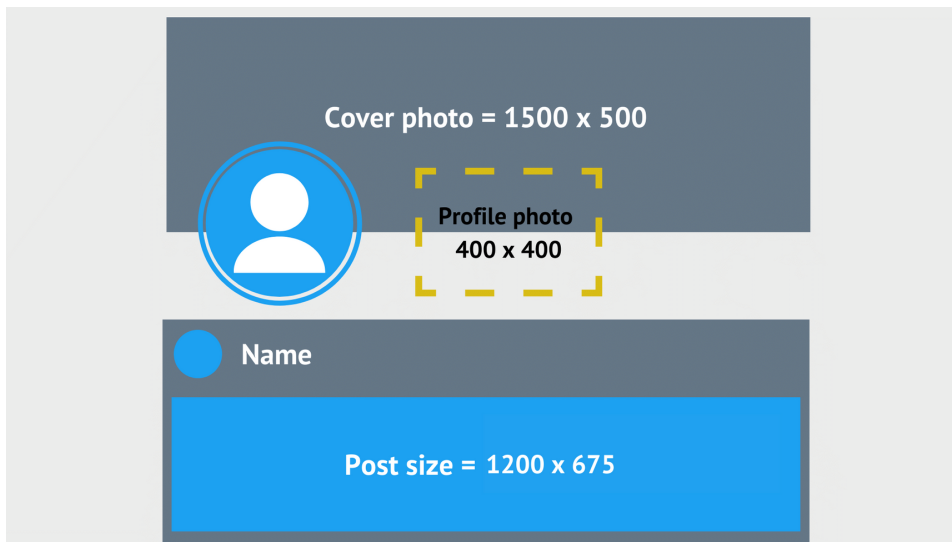

If you organise events and want to advertise them on Facebook you will also need to consider the size of your cover photo here.

Events
page

Twitter

Profile
page

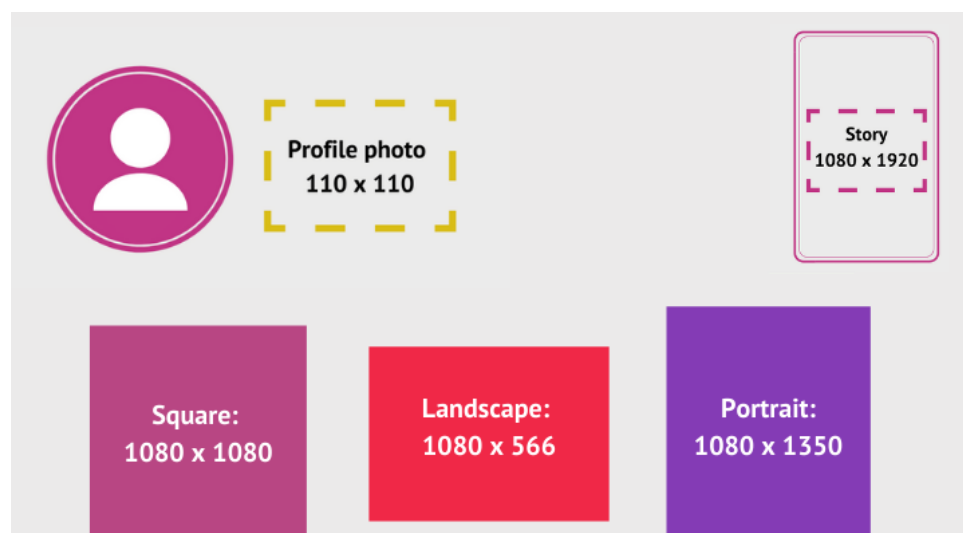

Both Twitter and Instagram allow you to have personal and business pages. As with Facebook, the company and personal pages use the same size images.
